## Love & Aviation

Azellia and Pappy White above shared a love for each other and aviation. Pappy, a Tuskegee Airman, has flown off to heaven, and Azellia, has lived over a century and is the matriarch of Black Pilots of America. Come share the love of Aviation with us. We will eat, celebrate, and dance the night away. BPA is 501(c)(3) non-profit organization. The Washington chapter is the Red-Tailed Hawks Flying Club.
